EDUCATION

Bachelor of Science, December 2026
The University of Alabama, Culverhouse College of Business, Tuscaloosa, AL
Majors: Operations Management Minor: Supply Chain Management

WORK EXPERIENCE

Transportation and Logistics Intern, June 2026 – August 2026
U.S. Pipe, Hoover, AL

- Analyzed & standardized purchasing processes across multiple manufacturing facilities by collaborating with the four plant managers & inventory specialists to identify process differences and improvement opportunities
- Consolidated, cleansed, & analyzed thousands of records across inventory systems using SKUs, model numbers, & part descriptions; eliminated duplicate entries and forecasted alloy requirements using historical consumption, production projections, & Double Exponential Smoothing
- Analyzed transportation cost drivers across thousands of POs to automate freight cost breakdowns for large-scale analysis

Project Intern, May 2025 – August 2025
Momentum Telecom., Birmingham, AL

- Supported cross-departmental projects in contract management, Salesforce data integrity, and inventory verification
- Managed data migration by cleaning, formatting, and validating large datasets for analysis

Sales Associate / Brand Ambassador, May 2022 – May 2025
American Eagle Outfitters, Hoover, AL; Birmingham, AL; Tuscaloosa, AL

- Balanced a 20+ hour weekly work schedule throughout college while maintaining academic responsibilities
- Executed 50-75 sales per day producing $2,000 in sales daily
- Utilized RFID tagging technology to ensure precise product locations & boost stock level accuracy

ACTIVITIES

Ambassador, January 2026 – Present
Society of Operations Management Students (SOMS), The University of Alabama, Tuscaloosa, AL

- Works to build relationships between organizations and young professionals in OM at UA

Member, August 2025 – Present
Capstone Project Management Society (CPMS), The University of Alabama, Tuscaloosa, AL

- Equips students with real-world project management skills by providing networking opportunities and industry-recognized certification support

Member, September 2026 – Present
National Retail Federation (NRF), The University of Alabama, Tuscaloosa, AL

- Engaging in professional development, networking opportunities, and industry-focused events to build knowledge of the retail and consumer industry

TECHNICAL SKILLS & TOOLS

Business & Analytics: Microsoft Excel, Microsoft Office Suite, QMaintenance, Princeton TMS, Six Sigma White Belt
Programming & Data: Python (Beginner), NumPy, Pandas
AI & Emerging Technology: Working knowledge of AI coding, data analysis, Excel automation, and problem solving

COMMUNITY INVOLVMENT

West Alabama Food Bank, Hope For Autumn Foundation

Sadie Crawford

linkedin.com/in/sadie-crawford | 205-540-1790 | smcrawford6@ua.edu

EDUCATION

Master of Science in Operations Management, December 2026
The University of Alabama, Culverhouse College of Business, Tuscaloosa, AL
Relevant Coursework: Statistical Methods, Management Science & Spreadsheet Modeling, Inventory Management, Effective Quality Management, Supply Chain Modeling & Analysis, Systems Simulation

Bachelor of Science in Business Administration, December 2023
The University of Alabama, Culverhouse College of Business, Tuscaloosa, AL
Major: General Business Minors: Supply Chain Management, Computer Technology & Applications

WORK EXPERIENCE

Administrative Assistant I, November 2023 – Present
The University of Alabama, Department of Information Systems, Statistics & Management Science, Tuscaloosa, AL

- Serve as primary point of contact for 1,000+ students, 50 faculty members, and weekly visitors, resolving scheduling conflicts and administrative issues
- Schedule and coordinate approximately 1,100 student advising appointments annually, balancing competing priorities and time-sensitive requests across a high-volume department
- Plan and execute department-wide events for up to 250 attendees, including the annual Honors Day Ceremony (~250 guests), End of Year Celebration (~50 guests), and Marillyn A. Hewson Cybersecurity Camp (~30 students and staff), managing all logistics and communications
- Maintain departmental supply inventory and oversee procurement, ensuring consistent resource availability without overstocking
- Manage credit card accounts and reconcile approximately $320,000 in annual expenses for 50 faculty members

Assistant Manager, June 2020 – May 2024
Domino's, Helena, AL

- Co-led a Lean-based continuous improvement initiative that reduced food cost variance from 45% to 30% within six months by implementing standardized weighing and portion-control procedures, saving the store thousands of dollars in waste
- Developed and delivered standard operating procedures and training for a team of 20–25 employees, including full onboarding certification for new hires, while maintaining low team turnover
- Increased average weekly sales by $3,000 by improving operational reliability and team performance
- Managed daily inventory levels through nightly and weekly counts using an inventory tracking app that exported data to Excel, enabling demand-based purchasing decisions to minimize cost
- Applied Lean principles across daily operations to drive measurable gains in process efficiency and product quality

CERTIFICATIONS

Lean Six Sigma Green Belt, Yellow Belt, and White Belt; ServSafe; Microsoft Office Suite Certified

TECHNICAL LANGUAGES, FRAMEWORKS, AND TOOLS

Languages: English (Native), Japanese (Elementary)

EDUCATION

Bachelor of Science in Commerce and Business Administration, December 2026
The University of Alabama, Culverhouse College of Business, Tuscaloosa, AL
Majors: Operations Management Minor: Supply Chain Management, Asian Studies, Liberal Arts
GPA: 3.45/4.00

STUDY ABROAD

CIS Abroad Summer in Asia: J.F. Oberlin University (Tokyo, JP) and Sogang University (Seoul, SK) - Summer 2025

WORK EXPERIENCE

Project Assistant, August 2025 – Present
Akima Technical Solution, Hybrid

- Lead special projects supporting SOF GLSS and SOF GLSS 2, Department of Defense contract operations
- Developed a 30-60-90-day preliminary quality program for a new internal quality management initiative
- Developed invoices, bill rates, and personnel management systems that improved project financial oversight and workforce tracking across DoD contract operations
- Screen resumes, coordinate interviews, and support candidate evaluation processes for government contract project staffing

Operations Intern, January 2025 – May 2025
Humane Society of West Alabama, Cottondale, AL

- Led organizational digital transformation initiative by replacing paper-based donors and animal tracking processes with integrated digital systems
- Established and migrated 570 constituent profiles and $2.8M in historical donations (210+ donors) into the organization's first donor management system
- Configured webhook integrations for digital payments (PayPal, Stripe) and standardized enterprise data management workflows

Acquisitions Intern, June 2024 – August 2024
Bechtel Corporation, Richmond, KY

- Executed procurement, sourcing, and purchasing activities supporting the Blue Grass Chemical Agent-Destruction Pilot Plant supporting safe disposal of chemical munitions waste
- Initiated, evaluated, and awarded 68 purchase orders totaling $50K+ in compliance with federal acquisition regulations
- Supported two subcontract managers on post-award administration of a $1.5M subcontract, including vendor coordination

LEADERSHIP EXPERIENCE

Vice President, April 2026 – Present
The Well, Calvary Baptist Church, Tuscaloosa, AL

- Managed and developed a leadership team of 120 student leaders while overseeing event operations serving 650+ weekly attendees

Teaching Assistant, January 2025 – Present
Introduction to Operations Management (OM 300), The University of Alabama, Tuscaloosa, AL

- Supported instruction and tutoring for 1,000+ lower-division business students per semester; collaborated with faculty and teaching assistants to streamline student support processes and improve overall efficiency

Conner Wood

linkedin.com/in/connerwood14 | 251-424-7312 | cawood806@gmail.com

EDUCATION

Master of Science in Operations Management, December 2026
The University of Alabama, Culverhouse College of Business, Tuscaloosa, AL
Track: Decision Analytics GPA: 3.90

Bachelor of Science in Commerce and Business Administration, December 2026
The University of Alabama, Culverhouse College of Business, Tuscaloosa, AL
Major: Operations Management Minor: Supply Chain Management GPA: 4.00

WORK EXPERIENCE

Supply Chain Intern, May 2026 – Present
Michelin, Tuscaloosa, AL
- Developed a Power App backed by SQL and Power Automate to streamline weekly counts and validation for an average inventory value of $446K across 89 chemical pre-mixes, saving 260 hours per year of manual counting
- Automated order generation and inventory analysis using SQL, Excel, and Microsoft Power Automate, producing 5 purchase orders monthly and cutting order validation from a two-person, 2-hour process to a single-person, 15-minute process
- Supported development of a schedule designer using solver-based optimization to automate production scheduling for 5 production lines, cutting planning cycle man-hours by 15.2%

Teaching Assistant, August 2024 – Present
The University of Alabama, IT for Operations Management and Global Transportation Management, Tuscaloosa, AL
- Assist in teaching Excel and Python applications for business decision-making across 9 course sections, supporting over 1,000 students each semester through lectures, help sessions, and individualized tutoring
- Design and develop 60+ original Python and Excel homework assignments, quizzes, and in-class assignments, including custom data sets that simulate real-world business problems and reinforce analytical skills
- Troubleshoot technical and content-related issues for professors during live class sessions, ensuring smooth delivery and continuity of learning for students and instructors

Revenue Management Intern, June – August 2024 and 2025
Brett/Robinson, Gulf Shores, AL
- Designed data-driven Power BI dashboards leveraging SQL queries to visualize booking trends, cancellations, and revenue metrics for 2,000+ properties
- Analyzed market data, competitor rates, and historical performance to inform dynamic pricing strategies
- Compiled and analyzed weekly and monthly revenue performance reports to identify patterns and forecast demand

PROJECT EXPERIENCE

AI for Consumer Behavior Classification, Spring 2026
BAN 501: Predictive Modeling, The University of Alabama, Tuscaloosa, AL
- Built an AI-powered text classification pipeline to identify consumer behavior research from a dataset of 306,000+ publications using natural language processing (NLP) and machine learning techniques
- Engineered an end-to-end machine learning workflow including data filtering, label generation, model training, and error analysis to support large-scale literature review automation

LEADERSHIP EXPERIENCE

President (previously Vice President and Treasurer), August 2025 – Present
Society of Operations Management Students (SOMS), The University of Alabama, Tuscaloosa, AL
- Direct programming for approximately 300 operations management students, leading a 4-person executive board and 21 ambassadors
- Recruit 10+ corporate speakers per semester and lead professional development, networking, and social events
- Launched and manage the organization's website for event communication, merchandise sales, and donations

TECHNICAL SKILLS

Languages: Python, SQL
Business Tools: Microsoft Power BI, Tableau, Microsoft Excel, Microsoft Power Apps, Microsoft Power Automate, MicroStrategy, Gurobi, Arena, PriceLabs, Wheelhouse

HONORS

- Outstanding Service by a Student in Operations Management; Outstanding Junior in Operations Management; Academic Excellence in Operations Management (2025, 2026); President's List (Fall 2022 – Fall 2024)

Andrea Mendez

214-293-1735| acmendez@crimson.ua.edu | https://www.linkedin.com/in/andrea-mendez2027/

EDUCATION

The University of Alabama, Culverhouse College of Business Tuscaloosa, AL
Bachelor of Science, Operations Management Minor: Supply Chain *Expected* May 2027
Master of Science, Operations Management

- Cumulative GPA: 3.97 / 4.00

EXPERIENCE

Supply Chain Intern, Michelin Tuscaloosa, AL
Intern May 2026 – Present

- Analyzed raw data surrounding semi-finished inventory into an automated report leveraging MS Excel, reducing 58 columns of data to 12 while also improving visibility of components, resulting in both time savings and scrap prevention
- Developed a Power BI report for presentation purposes, enhancing the interpretability of the data and allowing for ease of communication at shutdown planning meetings with plant leadership
- Expanded my knowledge of the Michelin network by benchmarking Supply Chain team members and organized shadowing of Business Managers and Quality Techs to strengthen understanding of plant operations

The University of Alabama, Culverhouse College of Business Tuscaloosa, AL
Teaching Assistant August 2025 – Present

- Contributed ten hours a week to aid in lecture support, facilitate office hours, and spearhead weekly tutoring sessions for 200+ students in my Operations Management 300 section
- Assisted in grading and proctoring exams for Operations Management 375 students as well as providing encouragement to students, supporting them in their academic goals for the course
- Enhanced skills in communication, training, and leadership through administrative tasks executed, supporting 1000+ students in OM 300 and 375 sections over the duration of this position

Continuous Improvement Engineering Associate, Mitsubishi Power Savannah, GA
Intern May 2025 – August 2025

- Managed 4 projects within the facility by employing lean principles to combat the influx in demand for gas turbines, supporting supply chain, IT, operators, and members of the CI team utilizing DMAIC, PDCA, and project planning
- Utilized Power Applications to automate the process of inbound unit shipments and store changes in status to create historical data to track the number of late shipments per vendor, resulting in cost avoidance by preventing downtime
- Participated in the revamp of the employee empowerment program to increase visibility of the Continuous Improvement team with the aim of increasing idea generation at work through taking notes, documenting ideas, and creating personalized thank you cards to deliver to workers in attendance to follow up on specific concerns they addressed in the meetings

LEADERSHIP

Society of Operations Management, The University of Alabama Tuscaloosa, AL
Secretary August 2026 – Present

- Selected to represent Operations Management to students at Culverhouse events to prospective OM majors and aid in coordination of networking events within major
- Demonstrate strong organizational skills to enable effective communication between company partners, leadership, and members
- Attend executive and general body meetings as well as Culverhouse events to promote the major to Culverhouse students

Alpha Kappa Psi Business Fraternity, The University of Alabama Tuscaloosa, AL
Pledge Team January 2025 – November 2025

- Served as a leader and main point of contact for seven pledges throughout an eight-week pledge ship process

Mario Misiti

https://www.linkedin.com/in/mariommisiti | 412-699-4832 | mmmisiti@crimson.ua.edu

EDUCATION

Bachelor of Science, May 2027
The University of Alabama, Culverhouse College of Business, Tuscaloosa, AL
Majors: Operations Management Minor: Supply Chain Management
GPA: 3.0/4.0

WORK EXPERIENCE

Area Manager Intern, June 2026 – August 2026
Amazon, Cleveland, OH

- Shadowed daily inbound dock operations, coordinating trailer unloading, dock scheduling, and yard management to maintain efficient material flow and support operational targets.
- Monitored key operational metrics and partnered with leadership to identify bottlenecks, implement corrective actions, and drive continuous improvement initiatives.
- Demonstrated leadership by balancing safety, quality, and productivity while managing high-volume inbound operations in one of Amazon's fulfillment centers.

Student Assistant, August 2023 – Present
UA Campus Mail Center, Tuscaloosa, AL

- Efficiently and consistently operate mail processing systems and follow university protocols to ensure secure handling of sensitive and confidential deliveries
- Responsible for processing over two hundred packages daily in a cost and time efficient manner

Operations Laborer, May 2025 – July 2025
Production Elements, INC., Pittsburgh, PA

- Assisted in the setup and breakdown of large-scale event spaces for the U.S. Open, ensuring all furniture, staging, and fixtures were installed to meet strict event deadlines and quality standards.
- Operated hand tools and light machinery to assemble, transport, and secure event structures, demonstrating attention to detail and adherence to safety protocols.
- Collaborated with production managers and team members to efficiently execute event build-outs, adapting to changing priorities in a fast-paced, high-pressure environment.

PROJECT EXPERIENCE

Intern Project, June 2026 – August 2026
Amazon, Cleveland, OH

- Developed a streamlined performance monitoring tool that consolidated key operational metrics, enabling faster identification of process trends and improving decision-making efficiency.
- Utilized the DMAIC framework to evaluate process inefficiencies, develop targeted improvements, and support continuous process optimization.
- Presented recommendations to leadership, translating complex operational data into actionable insights.h
- Led a continuous improvement initiative focused on increasing SLA compliance through data analysis, process optimization, and performance monitoring enhancements

Bailey Vance

bvance@crimson.ua.edu | www.linkedin.com/in/bailey-vance | 706-914-7536

PROFESSIONAL SUMMARY

Operations management student with 2 years of Manufacturing Engineering coursework and hands-on Co-Op experience as a R&D Product Development Engineer and in Manufacturing Logistics. Strong skills in product and process improvement, testing, cross-functional collaboration in a staff R&D and manufacturing environment. Seeking summer 2027 opportunities where my technical foundation and operational insight can create an impact.

EDUCATION

Bachelor of Science, Dec 2027 Graduation
The University of Alabama, Tuscaloosa, AL
Major: Operations Management Minor: Mathematics

RELEVANT WORK EXPERIENCE

Kimberly-Clark Corporation*,* Neenah, WI **Logistics Co-Op,** Jan. 2026–July 2026

- Supported 98% inventory accuracy through cycle counting, discrepancy investigation, palletizer scheduling, and live-load coordination; completed approximately 7,894 bay counts.
- Built Excel tools for inventory tracking and schedule validation, improving visibility and reducing errors and rework.
- Developed an inventory adjustment tracking process to identify high-impact materials, investigate root causes, and prioritize corrective actions; Analyzed inventory variances, identified root causes, and partnered with Planning, Operations, R&D, and materials teams on corrective actions.
- Designed and tested 3D-printed replacement parts, cost reduction of 90%;
- Led and supported vendor relations for stretch-wrap optimization that reduced annual usage by 50%.

Kimberly-Clark Corporation*,* Roswell, GA **R&D Product Development Engineer Intern,** May 2025–Dec. 2025

- Led multiple product trials across production and converting sites, supporting sustainability-driven changes to SKU limits across an entire product line and contributing to approximately $750K in savings; engaged in stakeholder reviews to evaluate material and spec/kpi changes, validate results, and support implementation of improvements.
- Validated 9 claims for a restroom product line by coordinating testing, analyzing results, and working with cross-functional stakeholders to support customer-facing claims.
- Developed benchmarking methods comparing product features, physical performance, market tiering, and brand attributes to assess competitive positioning and product opportunities
- Supported recycling and product-trial initiatives through mill capability analysis, material preparation, vendor coordination, and trial execution.

RELEVANT COURSE WORK

Complete 2 years of Engineering coursework: Mechanics of Materials, Thermodynamics, Engineering Statistics
Operations Coursework: Statistical quality control, Management Information Systems, Python coding

COMPUTER PROFICIENCY AND SKILLS

Business Tools*:* SAP, Quality management system, Microsoft Excel, Microsoft PowerPoint, JMP statistical analysis, PIVision data visualizer
Skills**:** Strategic Operations-Lean Six Sigma Blue Belt; Data Analysis; Process Improvement; Product Development; Inventory Management; Stakeholder Management; Communication & Team Collaboration

ACTIVITIES

SOMS- Society of Operations Management, 4-Year Marketing Pathway Completion

ADDITIONAL WORK EXPERIENCE

TJMaxx, Roswell, GA - **Retail Associate**, June 2024-August 2024
Stonecreek Church, Alpharetta, GA **- Lead Camp Counselor**, Summers 2022 & 2023
Poke Bar, Alpharetta, GA **- Food Prep & Systems Operator**, Aug. 2022-Nov. 2022

- Managed inventory operations, ensuring accurate stock levels and optimization

Counselor, May 2025-August 2025
Houston Country Club, Houston, TX
Coordinated engaging events and activities in collaboration with staff to enhance camper's experiences

- Provided personalized support to children, encouraging participation to help build their self-confidence
- Mentored junior staff, modeling effective leadership and activity facilitation techniques

Counselor, June 2023-August 2023
Evelyn Rubenstein Jewish Community Center, Houston, TX

- Supervised daily activities for approximately 60 children, fostering a safe and engaging environment focused on physical activity and teamwork
- Created and executed daily schedules provided by camp directors

LEADERSHIP EXPERIENCE

Committee Chair, February 2025-February 2026
University of Alabama Interfraternity Council, Tuscaloosa, AL

- Served on Community Outreach Committee, undertaking administrative duties for arrangement of Greek life philanthropy, ensured fraternity events aligned with council initiatives

Risk Management Chair, November 2026 – Present
Sigma Tau Gamma Fraternity, Tuscaloosa AL

- Lead a 20-member risk committee to plan and execute 40 safety events over two semesters, implementing policies, training, and emergency procedures.

ACTIVITIES

Sigma Tau Gamma Fraternity

SKILLS

Microsoft Word, Excel, PowerPoint, Python

VOLUNTEER EXPERIENCE

Al's Pals mentorship program (Tuscaloosa), Society of Operations Management Students

HONORS & AWARDS

Eagle Scout

Murphy Branch

linkedin.com/in/murphybranch | (205) 799-3534 | jmbranch1@crimson.ua.edu

EDUCATION

Bachelor of Science, May 2028
The University of Alabama, Culverhouse College of Business, Tuscaloosa, AL
Majors: Operations Management Minor: Supply Chain Management, Music
GPA: 3.93/4.00

WORK EXPERIENCE

Operations Supervisor, July 2022 – Present
Crimson Tide Seats at Bryant-Denny Stadium, Tuscaloosa, AL

- Lead other employees and volunteer groups to install and remove ~26,000 seats
- Work with patrons on game days to resolve complaints and problem-solve seat-related issues
- Sales operations experience with seat rental stands, working with vendors to use software, and resolving customer issues

Engineering Change Intern, May 2026 – August 2026
Lear Corporation, McCalla, AL

- Collaborate with Engineering Change and PPAP teams to streamline supplier communication and ensure quality standards while optimizing change notice throughput.
- Restructure the BOM Audit process using advanced Excel functions and macros, reducing audit time by 5 hours per cycle.
- Update the active part list to reflect current use. By utilizing SAP and macros in Excel, I was able to create a more easily understandable version of the current parts list that others could understand without knowledge of SAP.

LEADERSHIP EXPERIENCE

Instructor for BLAST Academy, July 2025
University of Alabama Community Affairs, Tuscaloosa, AL

- Delivered dynamic instruction to 285 students spanning from first through fifth grade, fostering academic growth across diverse age ranges and backgrounds
- Created and executed lesson plans to teach students about health and wellness
- Implemented a new checkout system that saved 25 minutes daily and ensured better child safety for campers

Leader, TCS Brass Quintet, March 2023 – December 2024
Tuscaloosa City Schools, Tuscaloosa, AL

- Created group in collaboration with Arts in Education at TCS
- Researched repertoire, scheduled rehearsals, researched community outreach events, and planned performances

FRAMEWORKS AND TOOLS

Statistical/Production Software: Microsoft Excel (VBA and Macros), Google Sheets, SAP, and proficient with AI

HONORS AND ACTIVITIES

UA Crimson Scholar, UA President's List Fall 2024, UA Dean's List Spring 2025, UA Dean's List Fall 2025, UA Jazz Ensemble, APC Manufacturing Training Completion

COMMUNITY INVOLVEMENT

Musician for community events, ensembles, and church orchestras, teacher of jazz lessons for community members, volunteer, teacher, and Worship team member at Calvary Baptist

Liam Brandon

https://www.linkedin.com/in/liamwbrandon | 901.237.7030 | liamwbrandon@gmail.com

EDUCATION

Bachelor of Science, May 2028
The University of Alabama, Culverhouse College of Business, Tuscaloosa, AL
Major: Operations Management Minor: Supply Chain Management
GPA: 3.92/4.0

WORK EXPERIENCE

Co-op Ambassador, August 2026 – Present
Engineering Career Development Center, The University of Alabama, Tuscaloosa, AL

- Educate aspiring professionals about the Co-op/PIP programs and their value
- Advise students on personal brand development, resume creation, and technical interview preparation

Industrial Engineering Co-op/Intern, May 2026 – July 2026, January 2025 – December 2025
Nissan North America, Canton, MS

- Worked closely with the Stamping Production team to create KPI monitoring tools (SPM/SPH, yield, OEE, etc.) and develop investment and process requirements for New Model activities
- Led data analysis and developed a headcount justification model for the PDI shop in collaboration with the IE team, generating over $800,000 in annual savings
- Engineered a comprehensive absentee risk analysis tool to evaluate and justify labor budgets to mitigate operational downtime plant-wide
- Coordinated regular progress reviews with key management, utilizing data-driven presentations to guide strategic decision-making and keep critical initiatives on schedule

Owner-Operator, October 2019 – August 2024
Liam's Local Logistics, Franklin, TN

- Facilitated personalized moving services, managed staff, payroll, equipment, and scheduling
- Offered concierge services: product assembly, pressure washing, and waste removal
- Managed a team of peers and young professionals to drive business growth, generating $30,000 in gross revenue for the 2023 fiscal year

SKILLS, TECHNOLOGIES, AND TOOLS

- **Software:** Advanced Excel (VBA, Power Query, Pivot Tables), SOLIDWORKS, Power Automate
- **Industrial & Operations Methodologies:** Headcount & Labor Modeling, Capacity Analysis and Planning, Time Studies, Yamazumi Breakdown, Process Flow Charts, Line Balancing
- **Continuous Improvement:** Lean Manufacturing Principles, Kaizen, 5S, Lean Six Sigma (White Belt Certification)
- **Supply Chain & Management:** Inventory Control, JIT Methodology, Production Scheduling, Cross-Functional Communication

HONORS AND ACTIVITIES

Honors College, Theatre Practicum, Dean's List, President's List, Trent Lott Leadership Program, Governor's School of Tennessee (1st Place Honors), Society of Operations Management Students

COMMUNITY OUTREACH

Volunteer: Habitat for Humanity, Second Harvest Food Bank, Hard Bargain Association, The Westhaven Foundation, St. Paul's Episcopal Church, MadCAAP

EDUCATION

Bachelor of Science, May 2028
The University of Alabama, Culverhouse College of Business, Tuscaloosa, AL
Major: Operations Management Minor: International Business
GPA: 3.0/4.0 Major GPA: 3.35/4.0
Awards and Honors: Dean's List, Eagle Scout, UA Competitive Admission Scholarship

RELEVANT COURSEWORK

Intro to Operations Management (OM 300), IT for Operations Management (OM 305), Statistical Quality Control (OM 375)

PROJECT EXPERIENCE

Operations Manager, August 2026 – Present
Baja SAE Racing Team, The University of Alabama, Tuscaloosa, AL

- Manage the bill of materials and parts inventory for a student-built off-road race vehicle, tracking 300 components in Excel from purchase order to final assembly
- Coordinate the build schedule across 12 subteams, sequencing fabrication and part deliveries to meet a 16-week competition deadline
- Negotiate lead times and pricing with 20 outside vendors, keeping the vehicle build within an $80,000 budget

WORK EXPERIENCE

Logistics Intern, May 2026 – Present
ZF Foxconn Components LLC, Tuscaloosa, AL

- Coordinate inbound shipments and material flow from 12 suppliers across 8 chassis module assembly lines, maintaining 98% line uptime with zero material shortages
- Monitor international shipments and lead times in SAP, escalating delays before they disrupt production
- Analyze inventory and demand data in SAP and Excel for 800 part numbers, communicating material requirements to planning, purchasing, and production
- Use Power BI daily to track inventory levels and inbound shipments, spotting potential shortages early

Production Assistant, September 2021 – October 2024
Applied Labels LLC, Collierville, TN

- Coordinated material staging and distribution for 20+ labeling jobs per week, keeping 98% of press runs on schedule
- Verified incoming shipments against purchase orders and performed cycle counts to maintain inventory records at 100% accuracy, flagging shortages before they delayed production
- Inspected finished label runs against job specifications, catching print and die-cut defects before shipment to maintain quality standards

LEADERSHIP EXPERIENCE

Academic Committee Member, August 2025 – Present
Lambda Chi Alpha, The University of Alabama, Tuscaloosa, AL

- Monitor study hours and grade reports for 160 members, identifying students needing academic support
- Organize major-specific study groups and connect members with tutoring, helping raise chapter GPA from 3.0 to 3.3
